PROFILE

A dedicated and self-motivated MERN Stack Developer with over 3 years of continuous learning and hands-on experience in web development since 2021. Skilled in building full-stack applications using React.js, Node.js, Express, and MongoDB, with a proven track record of delivering freelance projects. Passionate about continuous research and staying updated with the latest technologies, I excel in collaborative team environments and thrive under pressure. Seeking a Senior MERN Stack Developer role to leverage my expertise in creating innovative and efficient web solutions.
